In spring 2015, 4,800+ students took the UU Survey.

**History**

In fall 2014, Associated Students, Inc. (ASI) engaged Brailsford & Dunlavey, Inc. to assess the viability of improving and expanding the existing Julian A. McPhee University Union. The scope of services was based on the prior ASI-Managed Facilities Master Plan which identified the University Union (UU) as the ASI-managed facility requiring the greatest need of facility improvement and program expansion.

In spring 2015, all currently enrolled Cal Poly students had the opportunity to take the UU Survey. Students were asked about their current usage of the UU, what they would most like to see in a renovated and expanded facility, and if they were likely to vote in favor of a fee increase to renovate and expand the facility.

**Survey Results**

How high of a priority should Cal Poly place on improving the UU?

- 84% of students indicated a moderate to high priority to improve the UU
- 18% indicated a very high priority
- 11% indicated a low priority
- 5% indicated a very low priority

What are the most preferred spaces to be included in a renovated and expanded UU?

- **58%** dining options
- **53%** bar & grill
- **48%** coffee house
- **43%** lounge space
- **38%** group study

If you had to vote today, would you support increasing fees between $185 - $205 per quarter for the renovation and expansion of the UU?

- **68%** of respondents said they were very likely or somewhat likely to support a fee increase.
- **32%** of respondents said they were very unlikely or somewhat unlikely to support a fee increase.

**Respondent Demographics**

26.7% (4,878) of the student population completed the survey (margin of error 1.2%, based on a 95% confidence level).

- 30% Senior
- 26% Junior
- 17% Freshman
- 4% Graduate
- 43% reside on-campus
- 57% reside off-campus
