Bill #13-02

ASI Bylaws Amendment - Conduct of Business

Article I. Origin
This Bill is presented in accordance with the ASI Bylaws by Evan Domingue, College of Engineering and Amy Wright, College of Business.

Article II. Purpose
The purpose of Bill #13-02 is to clarify the process to implement personnel or fiscal policy amendments within ASI.

Article III. Background
Historically a Bill or Resolution was introduced to make proposed modifications to personnel and fiscal policies. However, there is no definitive guideline or Bylaw provision requiring the introduction of a Bill for these circumstances. As a result, Bills were being introduced to implement personnel and fiscal policy modifications including, for example, the allocation of inactive club funds. After research and review by the ASI/UU Internal Review Committee it was determined that an amendment to the ASI Bylaws would provide the direction and authority necessary to allow personnel and fiscal policy amendments without the necessity of a Bill and would expedite and simplify the overall process.

Article IV. Implementation
Add 5.1.2.1 as follows into the ASI Bylaws:

5.1.2.1 Amendments to Personnel or Fiscal Policy. Notwithstanding any provision of these Bylaws to the contrary, recommended or required amendments to ASI personnel or fiscal policies shall not require introduction as a Bill or Resolution.
