Bill #14-02
ASI Bylaws Amendment

Article I. Origin
This Bill is presented in accordance with the ASI Bylaws by Connor Paquin, ASI Board of Directors, College of Engineering and Cale Reid, ASI Board of Directors, College of Science and Mathematics.

Article II. Purpose
The purpose of Bill #14-02 is to remove a section clarifying how directors of the Board shall vote.

Article III. Background
Section 4.7.2.3 states “Each Director shall express the views of the College Club Council that he/she represents, but shall vote in accordance with his/her own conscience when it is incompatible with the views of the College Club Council.” There are four common voting practices, two which are mentioned in the bill. The other two are voting in the views of the entire academic college and voting in the views of his/her fellow ASI Board member in his/her academic college. Because the Bylaws only list two methods of voting, it is restrictive of how a Board member can vote.

Additionally, a governing document should not have the right to restrict how a member shall vote. How a Board member votes is entirely up to the discretion of the Board member.

In order to fix the above problems, we are proposing the amendment listed below.

Article IV. Implementation
Remove section 4.7.2.3 of the ASI Bylaws.

CERTIFIED As the true and correct copy, in witness thereof, I have set my hand and seal of the Associated Students, Inc. this _______ day of ________, 2013.
