A subcommittee was formed and they are proposing a pilot program, with the question on the table, does SCLC want to fund this type of program? The members agreed that the idea
has potential. Goals and outcomes need to be identified and funds could potentially be used to hire an intern to oversee the project from start to finish. Partners would need to be made to co-sponsor the program for 18 months.

ii. Outcomes would include building relationships with police and permanent residents, reduce noise complaints and underage drinking tickets, to be proud of your neighborhood, and be good neighbors.

iii. Members agreed to move forward with the program. The subcommittee will regroup to look at co-sponsorship, hiring an intern and financials. The group agreed that the program needed to be designed for long term and look for more partners not just count on the SCLC budget.
