The back would include a list of city ordinances, disturbance advisory card's (DAC) the rental inspection program, and items pertinent to student life. He stated that putting it in writing would make students understand exactly what will get them into trouble. He stated that ASI is requesting SCLC to contribute \$2,500 to help fund the project. Derek shared the current good neighbor pamphlet; members agreed that it is out of date. Brett stated that the Executive Cabinet wants students to know that it came from students to students and as of right now, is geared more towards Cal Poly students. Members agreed that if SCLC is contributing, it should be for all Cal Poly & Cuesta students. Members agreed that it is a great idea with possibilities of a grander scale. With no motion on the table, the topic was tabled for further discussion.
