SUBJECT: University Union Advisory Board Recommendation on Sports Complex Facility Policy

The University Union Advisory Board unanimously recommends the acceptance of the Sports Complex Facility Policy to the ASI Executive Director and University President.

In February 2016, UUAB reviewed and made recommendations to the existing Sports Complex guidelines and forwarded the recommendations to the University President and the ASI Executive Director. The recommendations were returned to the UUAB for further review and it was requested that the UUAB review and proffer the entire document as new policy.

The Sports Complex Facility Policy Manual was reviewed in its entirety at the November 17, 2016 UUAB workshop with Ron Skamfer, Director – ASI Facilities. The members asked clarifying questions and provided small grammatical and wording recommendations. On December 1st, the University Union Advisory Board voted and unanimously recommended the acceptance of the Sports Complex Facility Policy and forwarded the document to the ASI Executive Director and University President for final approval.

Please review the attached Sports Complex Facility Policy document and forward to the University President for review and acceptance of this policy. If you have any further comments or questions, please let me know.
