Andrene Kaiwi-Lenting - Cal Poly - Orientation Programs Staff

Guests

Dr. Keith Humphrey - Vice President of Student Affairs
Dr. Jo Campbell - Assistant Vice President of Student Affairs, Executive Director,
University Housing
Tessa Espinoza - Cal Poly Dean of Students Office

Joy Pedersen – Cal Poly Dean of Students Office

I. Call to Order

- a. Riley called the August meeting to order @ 3:14 p.m.

II. Approval of Minutes

- a. Correction was made under Katie's report stating that an environmental impact report is being prepared on behalf of the city for the campus Master Plan.
- b. Motion #1 (Busselen/Cantrell) "Move to approve minutes from meeting #18-02, July 20, 2017."
- c. Motion passed unanimous voice vote.

III. Introductions

- a. Silent roll call was taken and introductions were made.

IV. Open Forum

- a. None

V. Community Reports

a. ASI President-Riley Nilsen

- i. Riley reported that SLOdays have been completed.
- ii. She stated that 10 members from Student Government attended the CSUnity conference in Fresno to learn about other CSU practices.
- iii. She stated that due to an Executive Order from the Office of the Chancellor, all CSU's will be smoke and tobacco free beginning September 1.
- iv. Riley reported that the Executive Cabinet is busy working on many campaigns and initiatives including an alternate mode of transportation campaign encouraging students not to buy a parking pass and find an alternative option. She stated that research is being conducted for a bike share program with Limebike. The goal is to reduce the number of students driving, parking on campus or in the neighborhoods.

b. ASCC President - Jordan Jantzen

- i. Absent

c. City Manager - Derek Johnson (Designee)

- i. Derek announced Katie's last day on September 29. He stated that an announcement will be made for an internal candidate to fill the position temporarily. He stated that a city wide survey will be sent to

community members for a clear direction of what a City Manager brings to the city and to understand performance goals and expectations.

- ii. He reported that the Conceptual Physical Plan for the city center is the community's vision for downtown. The plan can be found on the city's website.
- iii. He stated that internal meetings are being held to discuss the increase in enrollment to plan for the coming years. It is possible that code enforcement police, more buses and routes, and more staff might be needed with the increase of students in the community.
- iv. Derek reported that the Avila Ranch project will include 720 houses.

d. Residents for Quality Neighborhoods – Carolyn Smith

- i. Carolyn stated that noise complaints were down from last year.
- ii. She stated that residents are anxious about the increase in enrollment. She stated that student to student peer communication is needed to discourage students from coming into neighborhoods and to stay on campus.
- iii. She reported that RQN members discussed the housing investors trying to buy property and raise prices.
- iv. She stated that they also discussed “bike boulevard” and their concerns of losing parking in the neighborhoods.

VI. Business/Discussion Items

a. Request for SCLC Funding for Bike Reflectors – Riley Nilsen

- i. Riley stated that with additional students on campus and limited parking, The Executive Cabinet will host a Bike to School day on October 19. She is requesting funding from SCLC to invest in bike reflectors with SCLC logo to gain familiarity. She provided options of reflectors ranging in price.
- ii. Harry stated that one out of ten students have bike reflectors and 1 out of 20 have front lights on their bikes. Cyclists need to cooperate and add reflectors which will increase bike safety.
- iii. It was agreed that more research on the type and where to place the reflectors is needed but members agreed to vote on a budget to purchase them.
- iv. Motion #2 (Busselen/McMahon) “Move to approve spending up to \$500 from the SCLC budget to purchase bike reflectors.”
- v. Motion passed unanimous voice vote.

b. Measure B Discussion – Derek Johnson

- i. Derek stated that Measure B was designed to prevent discrimination against any person based on age, income, disability, gender, race, ethnicity, sexual identity, or inability or ability to own a home, through mandatory programs, policies, intrusions, or inspections for

rental housing. City Council voted unanimously to repeal the rental housing inspection program. The City is currently governed by state and federal laws, which: 1) prohibit housing discrimination based on race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, marital status, national origin, ancestry, familial status, source of income, disability or genetic information; and 2) establish the legal requirements to conduct residential inspections.

- ii. A yes vote means that new Chapter 15.10 would replace former Chapter 15.10 and that specified City actions and residential inspections, based on the characteristics specified in the measure, would be prohibited, unless later modified by the voters of the City.
- iii. A no vote means that former Chapter 15.10 would not be replaced with new Chapter 15.10 and the City would continue to be governed by existing state and federal laws regarding housing non-discrimination and residential inspections.
- iv. 5,100 ballots were received and 70.91 % voted no. Moving forward, the city will reengage with the community and find a new plan.

c. Cal Poly General Updates – Dr. Keith Humphrey

- i. Keith introduced Jo Campbell, Executive Director of University Housing to give a general update from Cal Poly.
- ii. Jo stated that approximately 8,000 students are housed on campus and 14,000 off campus. Additional housing for future growth is based on the Cal Poly Master Plan and the approval of the environmental impact report by the Board of Trustees.
- iii. She shared the 24/7 student experience plan stating that as we build out our residential housing facilities, we are also developing plans for our facilities for a 24/7 residential campus.
- iv. Jo stated that the Student Affairs division is working on two building initiatives:
 - 1. University Union expansion
 - a. More collaboration/study spaces for students
 - b. More student program spaces – Center for Leadership and Service, Cross Cultural Centers, etc.
 - 2. Health and Wellbeing expansion
 - a. Expansion of facilities and primary care services for entire Cal Poly community
 - b. Ancillary services – pharmacy, laboratory services, etc.
 - c. Go-to source for health education
- v. She shared that over the last 15 years, the number of beds added from 2003 at 3,579 to 2018 at 8,437. The goal is to house all first and second year students by 2035. Across all colleges, data shows when students live on campus their first two years they perform better academically – obtain higher GPAs, progress to graduation at higher

rates and more than 80% of students who live on campus first two years, graduate within five years

- vi. Investing in these types of projects will increase student success, improve the graduation initiative and provide student engagement and intervention programming.

VII. Neighborhood Wellness Civility Report

- i. None

VIII. Voting Member Reports

- i. Voting members gave their reports

IX. Announcements

X. Adjournment

- i. Meeting adjourned at 5:01 p.m.
