            this point is favorable.
      2. Marcy stated that the MultiCultural Center move has now been announced publicly. She
         stated that members can refer any questions to Kaelan or Michelle Crawford. She asked that
         members ensure they are answering questions correctly, and to take the time to get correct
         information on anything they are unsure of.
      3. Kaelan clarified that short term projects go through the Project Approval (PA) process, but that
         a long term project should be submitted as a recommendation, not with a PA.
      4. Kaelan reminded members that there are only two more meetings before the end of the year,
         so if anything needs to be approved it needs to come to this week’s workshop.
      5. Kaelan stated that if anyone knows someone who is interested in running for the UUAB Chair
         position, they can refer them to talk with him.
   B. Executive Director – Marcy Maloney
      1. Marcy stated that the announcement of the new MultiCultural Center was delayed because
         the campus Space Committee requested a review of transitioning space on campus. The Space
         Committee has oversight of all space on campus. They were unfamiliar with the UUAB and
         student governance of ASI run facilities. Marcy explained that the committee is considering
         creating block schedules for most facilities on campus. They are also reviewing how facilities
         on campus share space. She said this is why ASI consistently documents UUAB’s actions and
