i. None

II. New Business
A. Action Item: Resolution #19-08: Resolution in Support of the University Housing 2019-2020 Academic Year Cost of Lease Adjustment
i. **Motion #1 (Sandoval/Beers) “Move to approve Resolution #19-08: Resolution in Support of the University Housing 2019-2020 Academic year Cost of Lease Adjustment.”**

ii. Joe stated that this resolution is the result of months of research, speaking to administration, constituents, and Interhall Council. He came to the realization that University Housing is not able to continue operating without funding. The intent of the resolution is not approving the housing increase, but to outline exactly why more funding is needed. In his research, Joe found that building a relationship with Interhall Council (IHC), educate them on how to consult with students, and have a budget analysis to see how IHC is spending student fees is needed.

iii. Members were adamant that the title supports the increase and states that IHC misused their money. Members stated that the title of the resolution does not match the content. Many encouraged a no vote.

iv. **Motion #2 (Park/Watkins) “I move to Strike out ”Resolution in Support of The” and insert ”ASI Board of Director’s Stance On” as well as insert ”’s” after Housing in the title. As well as Strike out ”supports” in the First Therefore Be It Resolved statement and insert ”understands the reasoning behind” before ”the” in the first Therefore Be It Resolved Statement as well as Insert ”but believes that the financial burdens should not be passed onto the students” after ”President” in the last Therefore Be It Resolved statement.”**

v. Sam stated that changing the language in the title matches the intention of the resolution. It shows that we do not support the increase of fees but do support students.

vi. James stated that making this amendment cancels the recommendation from the Internal Review Committee of a do pass.

vii. Members stated that the document is no longer structurally sound by the change in title and should be reviewed in depth.

viii. Joe reiterated that the authors of the document agreed to the title. He stated that even though it weakens the language, it does not lose the intent.

ix. **Motion #3 (Watkins/Cheung) “Move previous question.”**

x. Motion requires a 2/3 vote and with 20 in the affirmative and 3 opposed, motion passed majority standing vote.

xi. Debate continued on main motion with members against the resolution. Joe stated that seeing that this body is not satisfied with the intent of the document, he would like to have the topic referred to an ad hoc committee next year.

xii. **Motion #4 (Sandoval/Park) “Move to postpone indefinitely.”**

xiii. Members stated that postponing indefinitely shows lack of transparency and should be voted on with a yes or no answer.

xiv. **Motion #5 (Appell/Le) “Move previous question.”**

xv. Motion requires 2/3 vote and with 19 in affirmative, 3 opposed, and 1 abstention motion passes majority standing vote.
