VI. Business/Discussion Items

a. Approval of the SCLC Memorandum of Understanding (MOU)

- i. Marcy stated that after reviewing the proposed changes of the MOU, she was surprised at the recommendation of less meetings. Sandra believed that relations are built and community members and students do not always have the opportunities to have “face time” with city and university administration. Jasmin stated that it would be a disservice to future students to not have the valuable time to ask city officials questions on town gown issues.
- ii. Derek stated that, speaking on behalf of staff and the cities level of commitments, it causes time constraints and questions whether the meetings are productive. Members stated that by adding the alternates, it gives the opportunity to not attend meetings when a conflict arises. Members agreed that the same topics are discussed and perhaps reshape the purpose of the committee structure, have more guest speakers and participation in agenda topics. Recommendation was made to have meetings in January, March, May, July or August, September and November. A special meeting may be called on an as needed basis.
- iii. With 8 in favor of changing the meeting dates and 5 opposed, MOU will be revised for 6 meetings. Recommendation was made to re-evaluate in January 2020.
- iv. Future ideas for discussion included transportation, lighting, parking, housing, emergency response, and fire risk.
