MEMORANDUM

TO: Rob Moore
Chair of the Board

FROM: Marcy Maloney
Executive Director

DATE August 9, 2019

COPIES: ASI Board of Directors
Dwayne Brummett
Carol Brizendine

SUBJECT: ASI Medical Insurance Contribution Proposal: 2020

Proposal

Increase employer group medical insurance contributions by $16.00/month for single coverage, $32.00/month for employee plus one coverage, and $42.00/month for family coverage for the 2020 plan year. Set employer maximum contribution rates as follows:

Employee Only: $738 (22 participants)
Employee + 1: $1475 (22 participants)
Family: $1917 (29 participants)

History/Background

ASI’s overall employee benefit philosophy is to provide employee medical benefits with little or no cost to the employee. Additionally, ASI is required by Title 5 of the California Education Code to maintain comparable pay and benefits as compared to University employees. The University has released their proposed medical rates for 2020 and will be covering 100% of the costs for single and employee-plus-one coverage for United Healthcare HMO. Additionally, they will be covering 100% of the costs for the PERS Select PPO plan for all three levels of coverage. The Cal Poly Corporation is also planning on covering 100% of the 2020 medical costs for both the PERS Select PPO and the United Healthcare HMO for all three levels of coverage.

The proposed ASI employer maximum contribution rates would cover 100% of the 2020 medical costs for the PERS Select PPO, PERS Choice PPO, and the United Healthcare HMO for all three levels of coverage for ASI staff.
Rationale

As part of the 2019-2020 budget process, the ASI Board of Directors and University Union Advisory Board approved an approximate increase of 10% in overall health benefit contributions, which includes medical, dental, vision, and life insurance. Based upon historical usage statistics, it is projected that ASI will only experience an estimated 4.9% increase in medical premium costs for the 2020 plan year.

Impact

After adjusting the maximum employer contribution, ASI will only experience an overall increase of approximately 4.9% in medical premium costs, depending on the ultimate election of specific plans by the employees. This would be favorable to the 2020 ASI/UU budgets and allow for those funds to be spent on other operating expenses.

Alternatives

At the discretion of the Board of Directors.
