Resolution #05-03

Support for a Citywide Safety Enhancement Zone During Mardi Gras 2005

- Whereas: ASI is the official voice of the Cal Poly student body, and
- Whereas: The city council approved the concept of a safety enhancement zone on September 21st in the areas of Foothill, California, and the downtown areas during the week of Mardi Gras 2005, and
- Whereas: This strategy would isolate a section of the community during this week and would target a perceived demographic, and
- Whereas: The city needs to send a unified message that Mardi Gras is a San Luis Obispo issue and not a student issue, and
- Whereas: The city should not send a message that some neighborhoods are more valuable than others, and
- Whereas: Zoning a perceived population would hinder community relations and divide the community.

Therefore

Be it resolved: Cal Poly students support the creation of a citywide safety enhancement zone, and

Furthermore

Be it resolved: Members of the community including students and long term residents should be equal partners and share the same equitable rights as citizens of San Luis Obispo.
